me: so, we've taken care of all that now
me: I made Scott our financier
me: and he didn't care much for those features Campbell added
me: and neither did Mano, Lipp, or Essig
Clark: good that scott is the finance guy
me: so we've taken care of that
me: yes, I did so both because he is good at it and also because I wanted to break up that pro-feature crowd without upsetting major participants
me: Campbell is the only person who might be offended now
me: hopefully not
me: because he's very talented
Clark: whats this about the endorsement period? I somehow missed that
me: but if this dissuades him from working for us I can hire someoe
me: When someone joins, all posts that they pushed forward include a tag noting who brought them in
me: I'm entirely fine with that
me: It's even a good thing
me: Scott's asking for you in IRC
me: just ignore his faults
me: hes a square but he means well
Clark: but all we actually push is links, we are not publishing the posts, are we?
me: that's one of those things that I don't know or have a strong opinion on
me: as long as info flows, whatever; that's the sort of thing Campbell can decide
Clark: i have my doubts, but let them go for now
